Grammars, Grammarians and Grammar-Writing in Eighteenth-Century England Ingrid Tieken-Boon van Ostade, 2008-08-27 The book offers insight into the publication history of eighteenth-century English grammars in unprecedented detail. It is based on a close analysis of various types of relevant information: Alston's bibliography of 1965, showing that this source needs to be revised urgently; the recently published online database Eighteenth Century Collections Online (ECCO) with respect to sources of information never previously explored or analysed (such as book catalogues and library catalogues); Carol Percy's database on the reception of eighteenth-century grammars in contemporary periodical reviews; and so-called precept corpora containing data on the treatment in a large variety of grammars (and other works) of individual grammatical constructions. By focussing on individual grammars and their history a number of long-standing questions are solved with respect to the authorship of particular grammars and related work (the Brightland/Gildon grammar and the Bellum Grammaticale; Ann Fisher's grammar) while new questions are identified, such as the significant change of approach between the publication of one grammar and its second edition of seven years later (Priestley), and the dependence of later practical grammars (for mothers and their children) on earlier publications. The contributions present a view of the grammarians as individuals with (or without) specific qualifications for undertaking what they did, with their own ideas on teaching methodology, and as writers ultimately engaged in the common aim presenting practical grammars of English to the general public. Interestingly - and importantly - this collection of articles demonstrates the potential of ECCO as a resource for further research in the field.

English Grammar and Exercises L.R.H. Chapman, Leslie Reginald Harry Chapman, 1964

Grammar and Writing Rebecca Stott, Peter Chapman, 2001 Grammar and Writing is a practical book designed to be used by writers of all kinds who want to improve their knowledge of language in order to develop and improve their writing skills. The authors explain grammatical terms in an accessible manner, through close attention to the way language is used in specific extracts from literary and non-literary writing. Multipack consists of Grammar and Writing and Making your Case.

Language Prescription Prof. Don Chapman, Jacob D. Rawlins, 2020-09-21 This book is a detailed examination of social connections to language evaluation with a specific focus on the values associated with both prescriptivism and descriptivism. The chapters, written by authors from many different linguistic and national backgrounds, use a variety of approaches and methods to discuss values in linguistic prescriptivism. In particular, the chapters break down the traditional binary approaches that characterize prescriptive discourse to create a view of the complex phenomena associated with prescriptivism and the values of those who practice it. Most importantly, this volume continues serious academic conversations about prescriptivism and lays the foundation for continued exploration.

Brighter grammar Charles Ewart Eckersley, M. Macaulay, 1952

English Grammar for Today Geoffrey Leech, Margaret Deuchar, Robert Hoogenraad, 2005-12-16 Written by a team led by a world authority in English grammar, *English Grammar for Today* has established itself as a rich educational experience for both native- and non-native-speaking students. After an introduction placing grammar in its educational and cultural context, the book offers a thorough but accessible six-chapter introduction to grammar which is then applied, in remaining chapters, to a wide range of subjects involving textual analysis. This new edition has been thoroughly updated. Exercises and answers are provided for each chapter.

A Grammar of Freethought Chapman Cohen, 2024-02 *A Grammar of Freethought* is an ancient Literature, Philosophy story book written by Chapman Cohen. Cohen, a vital character within the latter a part of the nineteenth and early 20th centuries freethought movement, evolved the art work as a manifesto and a manual for human beings seeking to challenge traditional beliefs in faith and adopt an extra rational worldview. The fashion of *A Grammar of Freethought* can also additionally need to likely be defined as intellectual discourse laced with skepticism and a notion in secular humanism. Cohen meticulously dissects the hints of non secular doctrine, using logic and actual statistics to guide his claims. Cohen discusses topics that embody the existence of God, the character of morality, and the significance of faith in society in a series of essays, providing a compelling case for the energy of purpose and technological know-how over religion and superstition. Cohen's paintings are outstanding through its simplicity, wit, and incisiveness, rendering complex philosophical requirements reachable to audiences from unique walks of lifestyles. *A Grammar of Freethought* is an appeal for group spirit for skeptics, atheists, and humanists of all stripes all during the vicinity, traumatic human beings to critically have a look at their deeply held thoughts and encompass highbrow freedom.

Thinking about Language Siobhan Chapman, 2006-07-14 *Thinking about Language* encourages students to begin thinking about ways of seeing language and introduces past debates and current disputes on the way that human language works. The second half of the book explores some of the specific questions addressed by theorists, and the implications of different types of linguistic theory for the answers they have suggested. Chapman offers a balance between theory and application and

provides an interesting and accessible introduction to the history of linguistic theory, the variety of different theoretical approaches to language study, and to the current state of the subject.

The History of Grammar in Foreign Language Teaching COFFEY,2020-12-03 Taking a broadly chronological approach, this volume of original essays traces the origins of the concept of 'grammar'. In doing so, it charts the social, moral and cultural factors that have shaped the development of grammar from antiquity, via the Middle Ages, Renaissance and Modern Europe, to current education systems and language learning pedagogy. The chapters examine key turning points in the history of language teaching epistemology, focusing on grammar for 'foreign' language teaching across different European cultural contexts. Bringing together leading scholars of classical and modern languages education, this book offers the first single-source reference on the evolving concept of grammar across cultural and linguistic borders in Western language education. It therefore represents a valuable resource for teachers, teacher-educators and course designers, as well as students and scholars of historical linguistics, and of second and foreign language education.

Express Series English for Emails Rebecca Chapman,2015-10-08 Please note that the Print Replica PDF digital version does not contain the audio. English for Emails is part of the EXPRESS SERIES. It is the ideal quick course for anyone who needs to write emails in a business context. It can be used to supplement a regular coursebook, on its own, as a standalone intensive specialist course, or for self-study. Keep English for Emails on your desk as a handy resource to refer to when writing emails.

English Grammar Digest Trudy Aronson,1984

Chapman's Poems: Greatly Augmented ,1854

Chapman's The Conspiracy and Tragedy of Charles, Duke of Byron George Ray,2019-06-04 Originally published in 1979, this two-volume modern spelling of George Chapman's The Conspiracy and Tragedy of Charles, Duke of Byron is split into two parts: a critical introduction and commentary, and the texts of the double-play, the Conspiracy (contained in Volume I) and the Tragedy (Volume II - not currently available). The Critical Introduction comprises five chapters treating the date,

sources, scholarly tradition, interpretation, and unity of The Conspiracy and Tragedy of Byron.

English Grammar and Composition James A. Chapman,1985

Publishers' Circular ,1842

John Baskerville Caroline Archer-Parré,Malcolm Dick,2017-10-05 The eighteenth-century typographer, printer, industrialist and Enlightenment figure, John Baskerville (1707-75) was an inventor, entrepreneur and artist with a worldwide reputation who made eighteenth-century Birmingham a city without typographic equal, by changing the course of type design. This publication explores Baskerville in his social and economic context and evaluates his impact.
