South African Language Rights Monitor 2011 / Suid-Afrikaanse Taalregtemonitor 2011 Johan Lubbe, Theodorus du Plessis, 2016-01-05 The SALRM 2011 provides a rich source of information on a range of language-related subjects. A prominent issue remains the changing of street and place names, including the Pretoria/Tshwane and Louis Trichardt/Makhado sagas. Language in education remains a thorny issue; as medium of instruction at school and tertiary level, and the proposal that passing an African language should be a requirement in order to obtain a tertiary degree in South Africa. In terms of language legislation, the draft version of the National Language Act was proposed. The language of record in courts also received attention in the media.

Teaching Mathematics in Multilingual Classrooms J.B. Adler, 2005-12-21 The author captures three inter-related dilemmas that lie at the heart of teaching mathematics in multilingual classrooms: code-switching, mediation, and transparency. She provides a sharp analysis and strong theoretical grounding, pulling together research related to the relationship between language and mathematics, communicating mathematics, and mathematics in bi-/multilingual settings and offers a direct challenge to dominant research on communication in mathematics classrooms.

Of Warriors, Lovers and Prophets Max du Preez, 2010-11-05 South African history will never be the same again ... Shunning the predictable, Max du Preez has put on his investigative journalist's cap and examined our past from a fresh perspective. The result is a collection of extraordinary and mostly unknown stories, all meticulously researched and written in an engaging and lively style. Instead of regurgitating the story of Jan van Riebeeck's arrival at the Cape, he tells the tales of a Portuguese viscount killed on a Cape beach in 1510, of the Khoikhoi chief who was kidnapped and taken to England in 1610, and of the saucy goings-on between slave women and their European settler lovers. There's the story of King

Moshoeshoe's remarkable conduct when cannibals ate his beloved grandfather, and Shaka's sexuality is explored via his relationship with his mother and the woman who loved him without ever touching him. Sidestepping the old clichés about the Anglo-Boer War, Du Preez recounts the story of an Afrikaner broedertwis - General Christiaan de Wet and his brother Piet, who joined the British forces and fought his own people. The reader is taken through every stage of our history, up to the story of apartheid South Africa's nuclear bombs, and the secret dealings and intrigue during the negotiations leading up to the 1994 elections. This is South African history as you've never seen it before: a colourful mosaic of our rich heritage.

Cole's Kingdom Twinkl Originals,2020-11-30 "Introductions!" the man said with a kind smile. "I am King Enk, this is my kingdom - and you," he added with a flash of his dark eyes, "you are the one we have been waiting for, Cole." For as long as Cole can remember, he has always seemed very unimpressive next to his brother and sister. However, when a trip to his grandma's ancient house turns into the adventure of a lifetime, he is given a choice which makes him question everything that he thought he wanted. Hurlled into a strange place where even stranger creatures dwell and fierce powers are at play, Cole must find out where his own talents lie and put them to good use before time runs out. Follow Cole through the mousehole into Deriuss: a land where all you need is a little belief in yourself to unlock a world of magic. A Grammar of Afrikaans Bruce C. Donaldson,2011-05-12 The series builds an extensive collection of high quality descriptions of languages around the world. Each volume offers a comprehensive grammatical description of a single language together with fully analyzed sample texts and, if appropriate, a word list and other relevant information which is available on the language in question. There are no restrictions as to language family or area, and although special attention is paid to hitherto undescribed languages, new and valuable treatments of better known languages are also included. No theoretical model is imposed on the authors; the only criterion is a high standard of scientific quality.

What the world needs is a hero like you!

Lessons from the Kalahari Monica Hendricks, 2020-05-05 *Lessons from the Kalahari: Tracking Teachers' Professional Development* explores how Northern Cape teachers, who were enrolled in a Bachelor of Education (in-service) course, responded to three professional-development modules specialising in mathematics education, English language teaching, and Foundation Phase teaching, respectively. Mainly through fine-grained analyses of their classroom practice, the studies in this volume demonstrate how these teachers grappled with new content knowledge and pedagogical innovations to improve the quality of teaching in their classrooms. The chapters include case studies that range across a variety of pedagogical topics, including mathematics and English teachers' classroom practices, involvement of parents of Foundation Phase learners, and learners' autonomous mathematics learning. The book makes an original, empirically-based contribution to the understanding of the challenges confronting primary and secondary school teachers in remote rural parts of Northern Cape province, South Africa.
