T.D. Jakes

Before You Do T.D. Jakes, 2012-12-11 In his new book *Before You Do*, bestselling author Bishop T.D. Jakes turns his attention from repositioning yourself for a life without limits to cultivating relationships in the best way possible with the most important people in your life: parents, children, spouses and others who are your most beloved and in need of your support. As one of America's most trusted advisors, counsellors, and pastors, Jakes teaches us what to do before we: propose marriage; consider divorce; send our children off to school; put our elders into assisted living situations or other treatment facilities, and so many more major steps each of us are faced with taking at some point in life. He uses the lessons he has learned from his own marriage and family life as well as others to encourage and inspire people to give and receive the greatest love possible.

How to Make Choices You Won't Regret Kay Arthur, 2009-01-21 How to make choices now that you won't regret later. You may be wondering how you ended up where you are, whether your life would have been better if you had made different decisions along the way. Or maybe your current situation is great, but you're facing some difficult choices. God wants to help you. Every day you and I are faced with innumerable decisions, some of which have the potential to change the course of our lives forever. Certain avenues open to us are marked with hidden pitfalls or lead in harmful directions. And in some instances the wrong choice can even bring death. Where do you go for direction? What do you do when faced with temptation? How do you decide what choices to make? This study answers those questions by exploring the role of Scripture and the Holy Spirit in the process, as well as examining the decision-making of people such as David, Josiah, Eve, and Jesus. As a result, my friend, I pray you will be equipped to make choices that bring honor to God and peace to your heart. --Kay Arthur The 40-Minute Bible Studies tackle vital issues in short, easy-to-grasp lessons for personal or group use--with no homework required.

It's Only by the Exhibition of His Grace... Adrienne Aristil, 2012-05 It is not only your efforts that can take you where you want to be. Even though we do our best, we won't be able to meet the requirements of this demanding society. But God can take our incapacity and our humbling efforts and use them for His glory. We just have to trust the Master Architect's plan. Sometimes we wrestle with life by trying to do it on our own way, but the real problem is our unwillingness to surrender to God for His plan for our lives. Again, throughout this book, you will read testimonies about different situations of what God can do through His children's lives when they surrender.

The Paradox of Choice Barry Schwartz, 2009-10-13 Whether we're buying a pair of jeans, ordering a cup of coffee, selecting a long-distance carrier, applying to college, choosing a doctor, or setting up a 401(k), everyday decisions—both big and small—have become increasingly complex due to the overwhelming abundance of choice with which we are presented. As Americans, we assume that more choice means better options and greater satisfaction. But beware of excessive choice: choice overload can make you question the decisions you make before you even make them, it can set you up for unrealistically high expectations, and it can make you blame yourself for any and all failures. In the long run, this can lead to decision-making paralysis, anxiety, and perpetual stress. And, in a culture that tells us that there is no excuse for falling short of perfection when your options are limitless, too much choice can lead to clinical depression. In *The Paradox of Choice*, Barry Schwartz explains at what point choice—the hallmark of individual freedom and self-determination that we so cherish—becomes detrimental to our psychological and emotional well-being. In accessible, engaging, and anecdotal prose, Schwartz shows how the dramatic explosion in choice—from the mundane to the profound challenges of balancing career, family, and individual needs—has paradoxically become a problem instead of a solution. Schwartz also shows how our obsession with choice encourages us to seek that which makes us feel worse. By synthesizing current research in the social sciences, Schwartz makes the counter intuitive case that eliminating choices can greatly reduce the stress, anxiety, and busyness of our lives. He offers eleven practical steps on how to limit choices to a manageable number, have the discipline to

focus on those that are important and ignore the rest, and ultimately derive greater satisfaction from the choices you have to make.

How Will You Measure Your Life? (Harvard Business Review Classics) Clayton M. Christensen, 2017-01-17 In the spring of 2010, Harvard Business School's graduating class asked HBS professor Clay Christensen to address them—but not on how to apply his principles and thinking to their post-HBS careers. The students wanted to know how to apply his wisdom to their personal lives. He shared with them a set of guidelines that have helped him find meaning in his own life, which led to this now-classic article. Although Christensen's thinking is rooted in his deep religious faith, these are strategies anyone can use. Since 1922, Harvard Business Review has been a leading source of breakthrough ideas in management practice. The Harvard Business Review Classics series now offers you the opportunity to make these seminal pieces a part of your permanent management library. Each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world.
